## Lessons at my secondary school:

In your primary school you probably have most of your lessons in your year 6 classroom with the same teacher...

At \_\_\_\_\_ you will usually have a different teacher and classroom for each lesson. This is because each teacher is an expert in the subject they teach, and they need their own classroom to teach their subject.

When term starts this is how we will help you find your new classrooms...

## My new school timetable:

At \_\_\_\_\_ you will have \_\_\_\_\_ lessons everyday

Your timetable will show you:

- What lessons you have each day
- What classrooms you have to go to
- What groups you are in
- Who your teachers are

You will be given your timetable

---

---

---

Keep your timetable safe so you can use it when you need to check what lesson is next or which classroom you need to go to.

Other things you might need to know about your new timetable is.....

An example of how my new timetable will look:

A map of my new school:
