ABOUT RNIB

RNIB Bookshare supports learners with a print disability to access the curriculum. It enables learners who cannot read standard print, including those with dyslexia or who are blind or partially sighted, to read the same books, at the same time as their peers, giving them the same educational opportunities and putting them, for the first time on a par with their peers, creating an inclusive environment in education.

(RNIB alongside dolphin easy reader)

READING MADE ACCESSIBLE

RNIB

Using the Easy reader app on a Windows laptop

Download it here: EasyReader App | Dolphin Computer Access

Using on a web browser (not the best but always good to have if the application goes down) Home - RNIB Bookshare

LOGIN

Student login details are:

Username: ????

Password: ???????

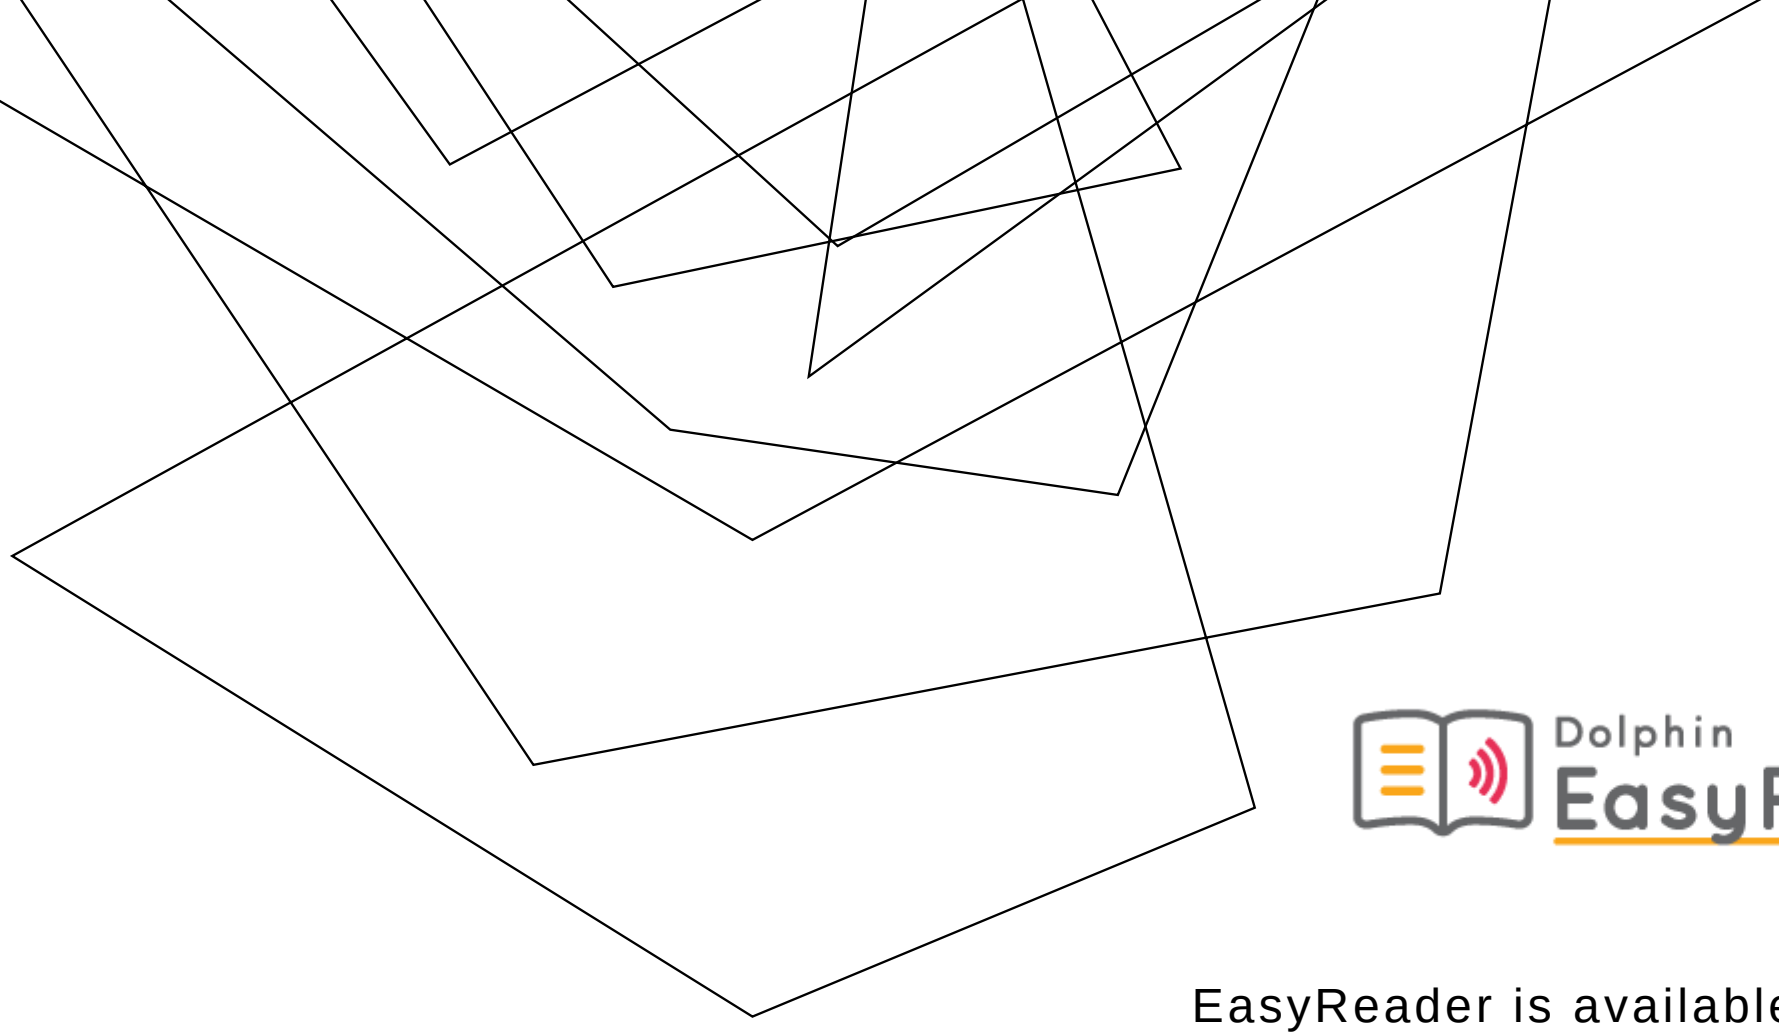
ACCESSING BOOKS

Searching for a book made easy. Search by title, author or ISBN number

Opening assigned books.

DOWNLOADING

Downloading a pdf/ word/ braille or audio format at the click of a button



Dolphin EasyReader Premium

EasyReader is available to use on a wide range of devices. these includes iPhone, iPads, android phones, tablet, kindles, Chromebooks and in the case of the village school windows desktop.

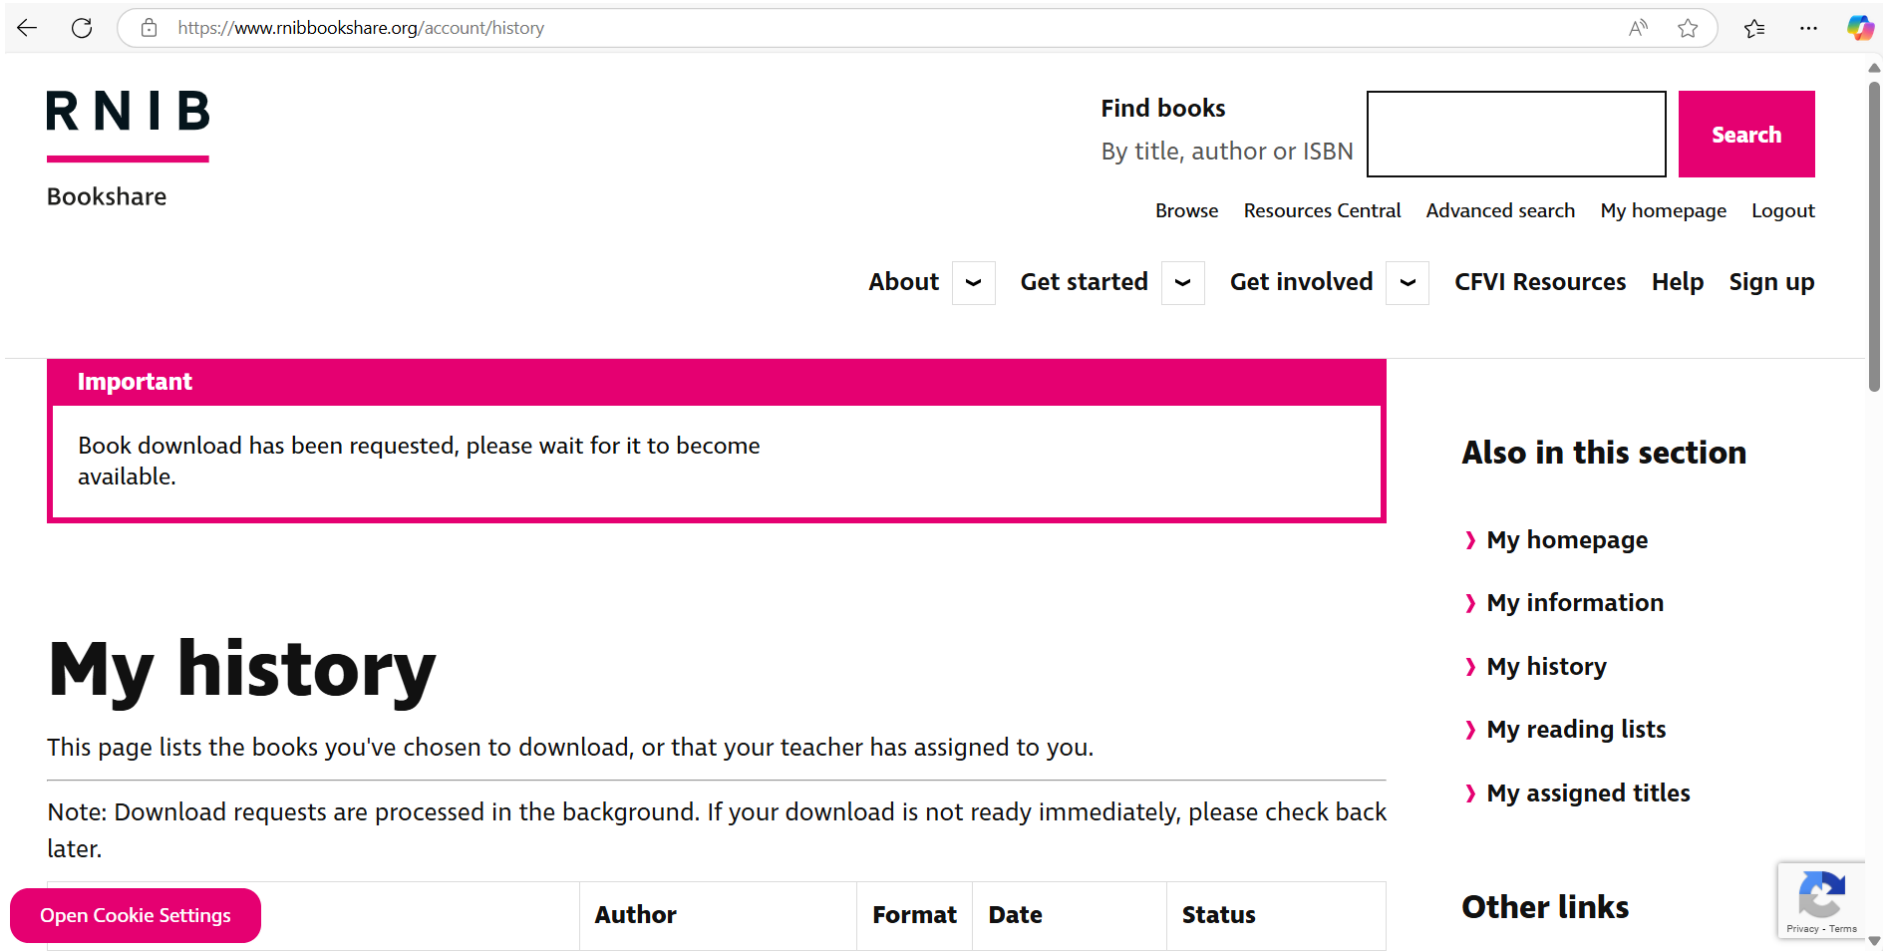
It will take less than a minute to be ready to download



Click on the Ready to download, the file will go straight to your download folder

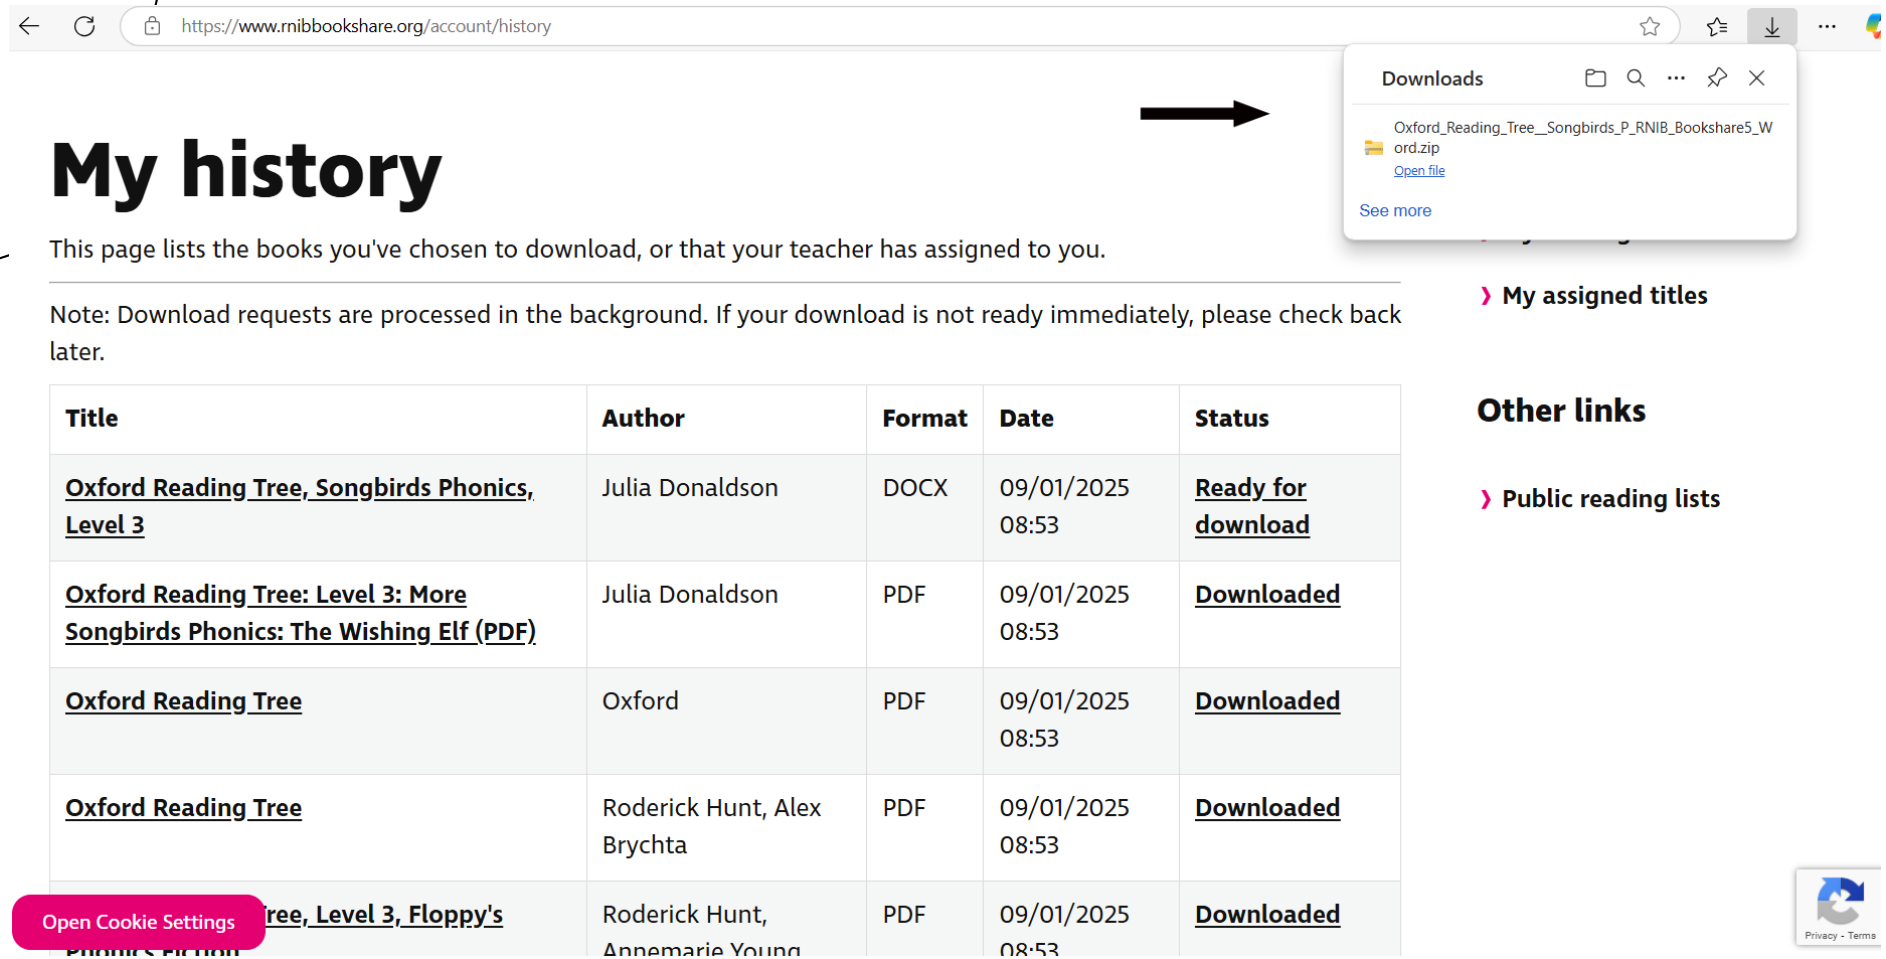
My history

This page lists the books you've chosen to download, or that your teacher has assigned to you.

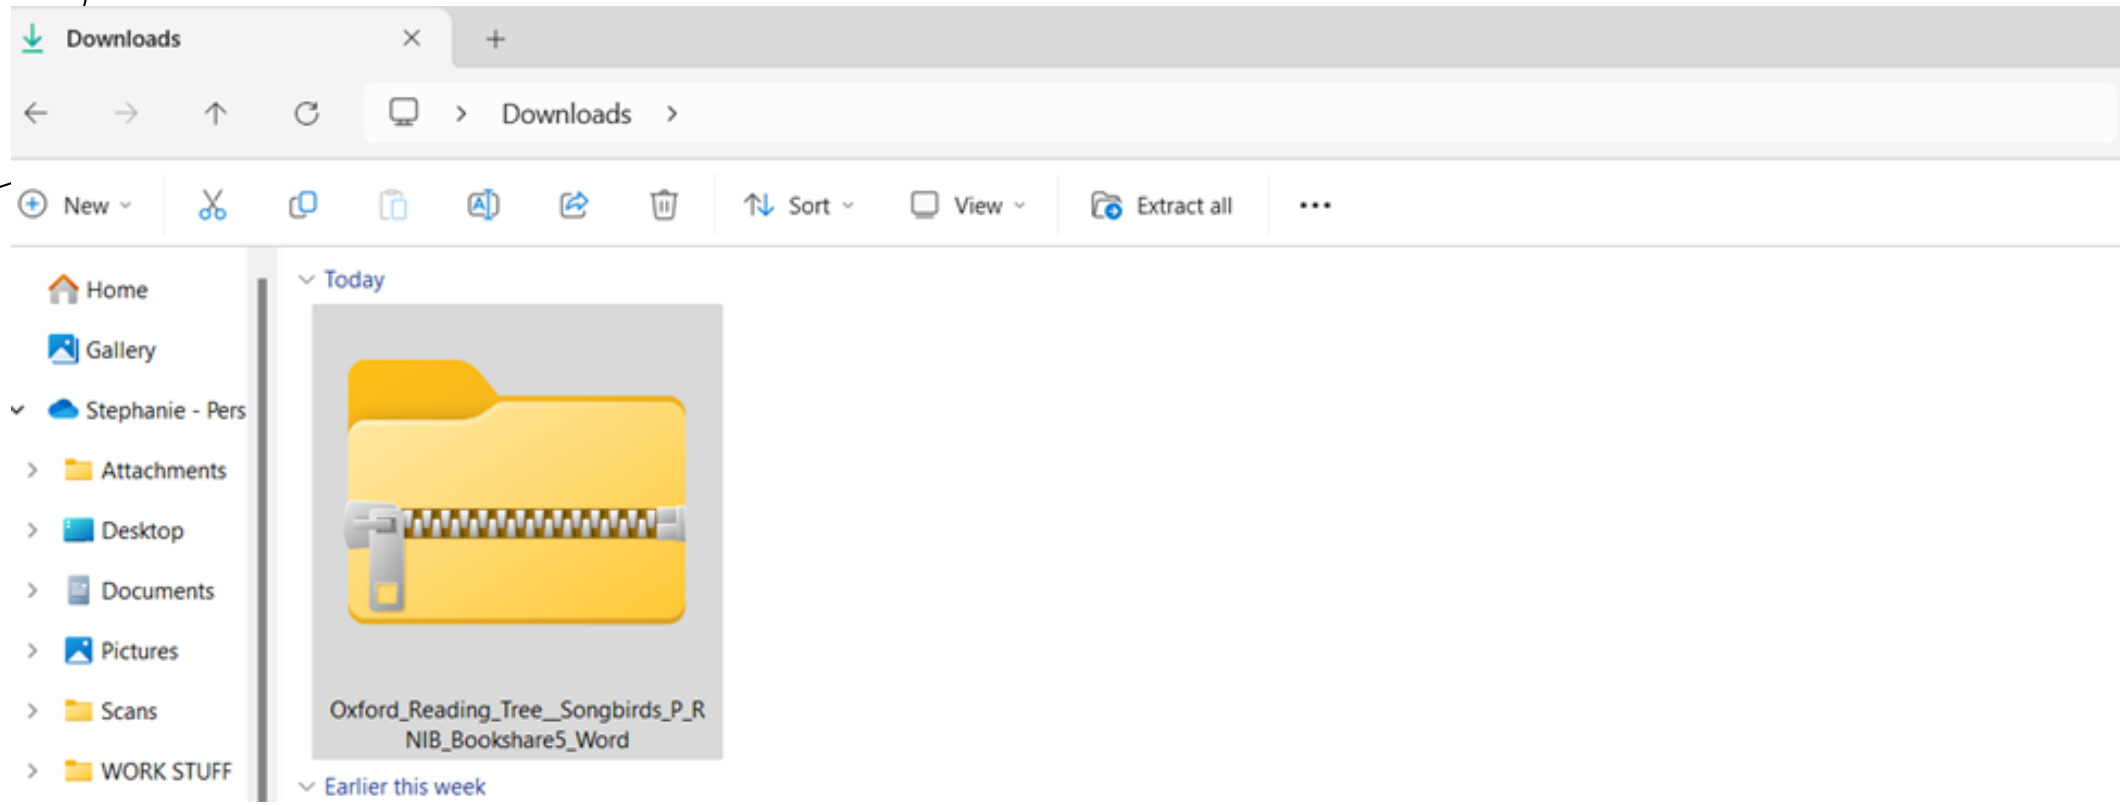
Note: Download requests are processed in the background. If your download is not ready immediately, please check back later.

Title	Author	Format	Date	Status
Oxford Reading Tree, Songbirds Phonics, Level 3	Julia Donaldson	DOCX	09/01/2025 08:53	Ready for download

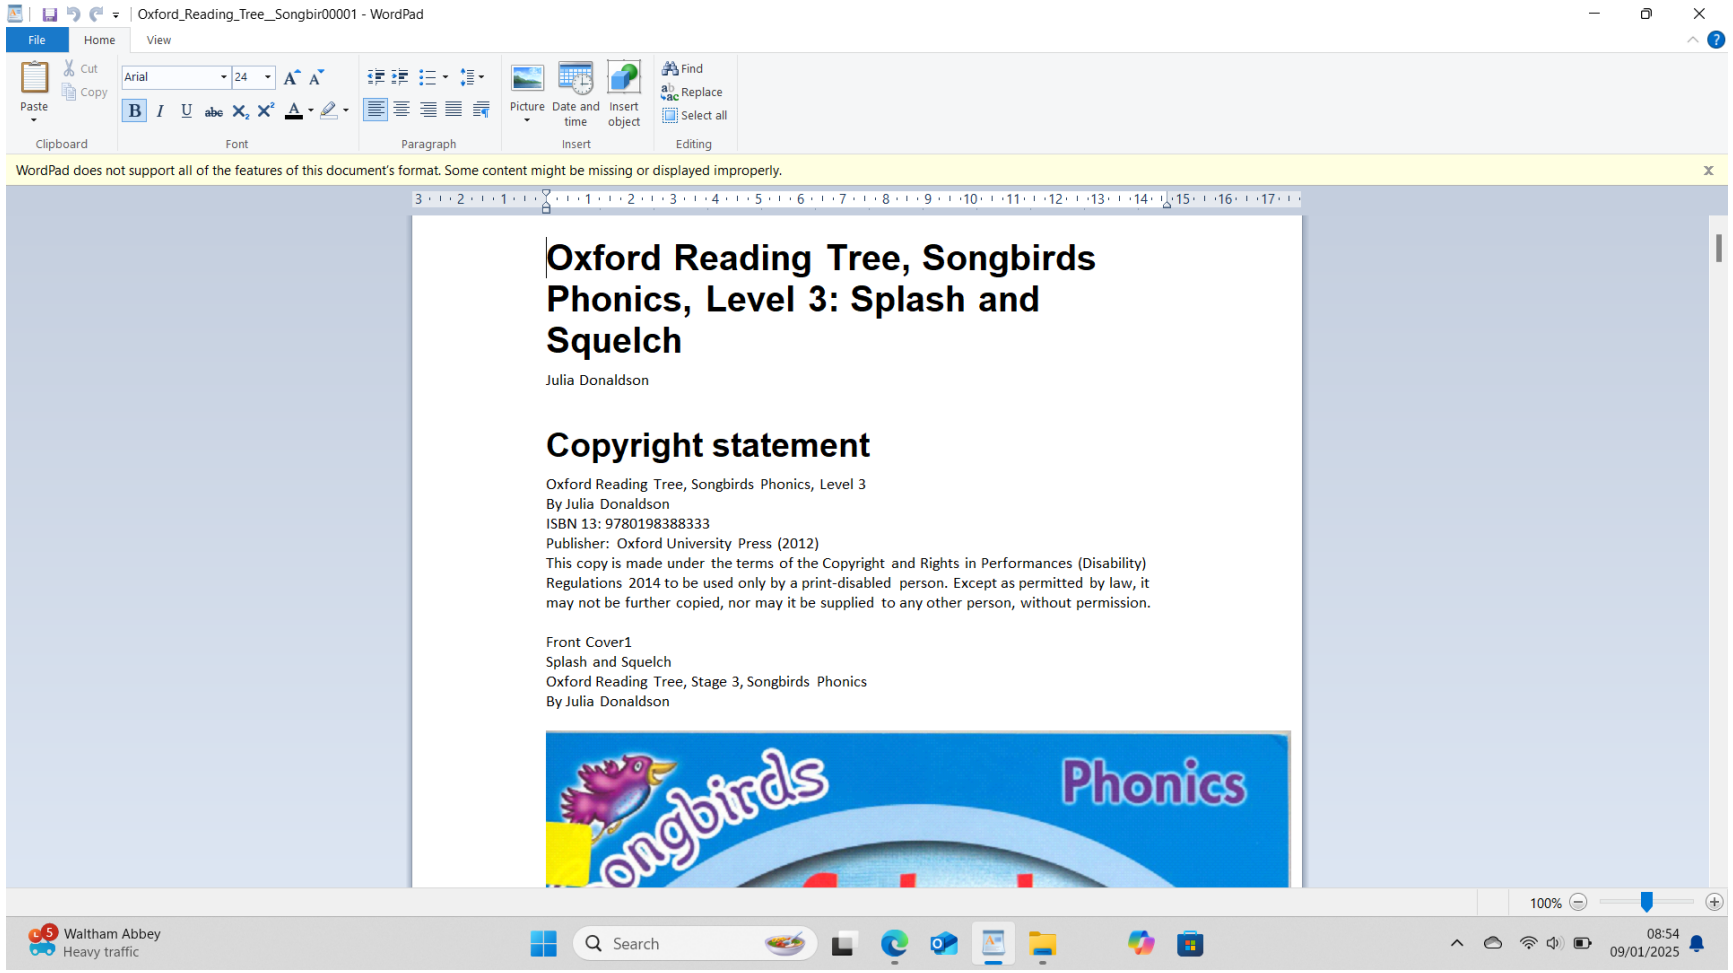
Click on the Ready to download, the file will go straight to your download folder



From the download folder click on the file



The file will then open as any other word document or PDF



MAGNIFIER OPTIONS

2 options:

- Use the magnifying tool on the bottom right of the screen. (this will blow the entire screen)
- Use Accessibility magnifying lens (blow part of the screen)

Accessibility magnifier tool already enabled at my last visit.

The lens magnification setting on a magnifier is when a specific area of the screen is magnified in a resizable window. This is similar to holding a magnifying glass in your hand.

To bring this on press Window key and the +, to turn it off press the window key and ESC

On: Win +

Off: Win Esc

This is not the most practical, or good quality for Arafat’s print size. Using this to the size the student needs makes the writing blurry.

I would just use the magnifying tool at the bottom right of the screen
