The Special School Nursing Team

INFORMATION LEAFLET

Your healthcare closer to home

Services provided by Central London Community Healthcare NHS Trust

The aim of the Special School Nursing service is to work together with parents, school staff and other health professionals to provide a comprehensive, efficient and accessible service which will support children with complex health needs in school.

The team is made up of nurses with experience in paediatric, learning disability and general nursing.

The team includes a school nurse assistant and administrator.

Our team will provide;

- Administering medication (Mapledown and Oakleigh)
- Heights/weights
- Continence assessments
- Healthcare plans
- Training for school staff and parents
- Safeguarding children and young people
- Referrals to and liaison with other professionals/ services

In order for the nursing team to see your child for the above, please complete the consent form included in this pack

Parents/carers will need to see their child's GP for

- Prescriptions/Medication supply
- Medical diagnosis' e.g. rashes
- Ongoing illness

The special school nursing team are based at Oakleigh and Mapledown schools however there is also an outreach service for Acorn Nursery, Oak Lodge School and Northway School.
