Pre-school Teaching Team

Organisation/Service Details

Organisation or Service

Pre-school Teaching Team

Description of activity

Barnet Pre-school Teaching Team is an early intervention service for children with complex Special Educational Needs and Disabilities. We offer mainly home-based teaching support to children under the age of 5 who live in the London Borough of Barnet. The Pre-school Teaching team is a registered Portage Service.

The Pre-school Teaching Team offers intervention to children who are showing some delays or difficulties in their development.

Referral Criteria

The Pre-school Teaching Team receives referrals at Barnet's weekly multi-agency referral meeting. This meeting is a single referral route to access support from speech therapy, physiotherapy, occupational therapy, paediatricians and specialist teaching (including the Pre-school Teaching Team). With parental permission, professionals can refer children to this meeting where the referral is discussed and appropriate services are then allocated. We also accept referrals directly from parents.

Use the search bar to find 'Barnet Child Development Service' - from there you can download the information and referral form.
