Barnet Local Offer
Barnet Child Development Intake Service

Organisation/Service Details

Organisation or Service
Barnet Child Development Intake Service

Description of activity
The Barnet child development service is a multi-agency collaboration between local teams with expertise in child development (i.e. medical, nursing, therapy, education, social services).

Referrals are made to the Child development service by professionals or parents for any concern relating to a child's development. Each referral is discussed at a weekly multi-agency intake meeting; this meeting is attended by senior practitioners from Speech and Language Therapy, Physiotherapy, Occupational Therapy, Early Years SEND Advisory Team (EYSEND) and Neurodevelopmental Paediatrics. They make a decision based on the information included on the referral form.

Referral Criteria
Please see our local offer webpage for more details for the referral form and referral criteria.

Please note that all referrals must relate to children resident in Barnet and must only be made with the agreement of the child's parents or carers.
